

of National Importance. It is one of the 30 NITs set up by Ministry of Human Resource and Development, Govt. of India during the 11th Five Year Plan. It aims to provide instruction and research in various disciplines of Engineering, Technology, Management, Science and Social Science for advancement of learning and dissemination of knowledge. Though the Institute is presently located in a temporary campus, work is in progress to build permanent campus in Narela equipped with the most advanced facilities that an institute of this cadre should have. It is only when we strive seriously and sincerely both at individual and collective levels that we may develop the NIT Delhi into an institution which may prove a pride for all of us in time to come. It may become a center of learning and research at the global level. In the present era of globalization, the institutions are under high pressure to deliver quality education. Our mission is to produce human resource which is creative, competitive, innovative and has high ethical values. The institute is imparting holistic education, along with inculcating high moral values in the students. The institute has already built a brand name for itself amongst the ten newly established NITs and is sure to make a mark in the field of education in the coming years. The institute has also started its postgraduate programme(M. Tech) in Electronics and Communication Engneering and Computer Science Engineering (Analytics) and I hope it will help in serving the cause of higher education. We look forward towards enthusiastic participation from your organization.

Founded in 2010 by the Government of India, NIT Delhi strives to provide a world class education to its intellectually stimulated students. Its underlying mission is to promote the development of individuals who boast worldclass technical and professional competence in their respective fields. As a fully funded governmental body, NIT Delhi was established as an institute of 'National Importance' during the 11th Five Year Plan under the Ministry of Human Resource Development. For the initial two years, academic activities were conducted at NIT Warangal, the mentor institute for NIT Delhi. Presently the operations are being carried out at its temporary campus in Narela. The Institute's permanent campus being Narela build at with world class infrastructure.Through generating cohorts motivated students, NIT Delhi aims to continue on its path of achieving international distinction for commitment to developing technologies society through the cultivation of knowledge and research.

To be mentioned with great honor and delight that NIT Delhi was the host to the first 'NIT Scholars In-residence Programme at Rashtrapati Bhavan'. The students of the college enthralled the President's Estate with their mesmerizing performances.

Two students were selected by the Ministry of Youth Affairs and Sports to be a part of 100 members delegation to China for the international cultural exchange programme.

NIT Conclave is the annual gathering of the intellectual cream of the nation for the sessions of unparalleled brainstorming and exchange of ideas that aims to promote interaction among the students of different NITs. In the year 2014, our students won the second prize at the NIT Conclave held at NIT Surathkal.

# NATIONAL INSTITUTE OF TECHNOLOGY DELHI राष्ट्रीय प्रौद्योगिकी संस्थान दिल्ली
